Peta.Net makes its debut in the number one slot this month! Peta.Net is more than just web access and information. A portion of your Peta.Net service fee goes to help Peta Online, where they fight daily to help save the lives of animals in despair and to bring awareness of unnecessary animal suffering to the world. Join Peta.Net and gain not only internet access, but access to the goodness of your soul as well.

We take everything into account in these rankings... network connectivity, call drops, throughput, newsgroup robustness, ISP friendliness, willingness to help, intelligent tech support, avenues of support, network status online, problem reports online, speed of experience, extras, honoring end user privacy, ease of use. And we give them all equal weight because only everything bound together builds the complete "internet experience" for you in the end.
